Letter dated 24th July 1935 from Mr H.C. Mr Javaraja states that his Services were placed at the disposal of the Govt of India on their request made to the Govt of Mysore. ~~[illegible]~~ He is not exactly an officer lent by us to the Govt of India at their request. He applied for the post of a Senior Marketing officer ~~[illegible]~~ in response to a public advertisement and was selected. Accordingly in Fo. no. 2636-38/CB. 30-34-11 dated 6th June 1935, Mr Jawaraja was, as a special case, exempted from contributing towards his leave charges and ~~he~~ directed that the amount payable by him to the Mysore Govt every month be reduced from Rs 175/- to Rs 77-12-0 ($\frac{1}{9}$ of the Substantive pay in Mysore) so as to cover only his pension charges and that this amount be payable for the whole period of his service outside the State inclusive of the leave period. and that service so put in will not also be counted by this Govt for purposes of leave.

3) The present request of Mr Jawaraja to make a formal communication to the Imperial Council of Agricultural Research, preferring a claim for pension contribution from the date of transfer is for orders.

4) The position in regard to Mr Jawaraja is briefly as follows: He applied to the Govt. of India for the post of Senior Marketing officer and the Govt. of India offered him the appointment on certain terms specified by them and the Mysore Govt. were asked to state if the officer's services could be spared and whether the officer was willing to accept the appointment on terms offered. This Govt. said that

Mr. Jawaraya was willing to accept the post on terms mentioned, and that Govt. had no objection to accept the appointment.

Mr. Jawaraya once before requested that the Govt. of India may be asked to pay pension contribution, but he was informed that this Govt. ~~can~~ cannot approach the Govt. of India in the matter (Reference is invited to paras 61, 64 of notes in the Collection put up).

8) Mr. Javaraya's request is that the Government of Mysore should make a claim to the Imperial Council of Agricultural Research for the pensionary contribution payable by him to this Government. Such a request was made formerly and turned down. There are certain statements in Mr. Javaraya's letter which are not strictly correct. He states that his services were lent to the Government of India. His is not a case of loan of services at all. There is no privity of tract between the Government of Mysore and the Government of India in respect of this matter. Mr. Javaraya was given leave, with permission to accept employment under the Government of India. The terms offered by the latter to Mr. Javaraya were quite clear that the employment was non-pensionable. These terms were accepted unconditionally by Mr. Javaraya and in such circumstances a claim for pensionary contribution at this stage is clearly untenable. Mr. Javaraya says that pensionary contribution ought to be paid by the Government of India. According to the Mysore Service Regulations as well as the Fundamental Rules of the Government of India, a Government whose officer takes employment under another Government should look for the pensionary contribution to that officer. I am afraid that we cannot make the claim in the name of this Government. The utmost that we may do is to tell the Government of India that Mr. Javaraya has made a request that the Government of India may be pleased to reimburse to him the pensionary contribution and that we commend

(10) The discussions re: his appointment as Marketing Offr under the Govt. of India are Contained in the two Collections put up.

The position of Mr. Javaraya does not seem to be exactly that of an Officer lent by this Govt. to the Govt. of India on terms agreed upon by the two Govts. He applied for a post under the Govt. of India along with some others, and the Govt. of India offered him the appointment on

Serial No.

Certain specified terms (one of which was that the post is "temporary and non-pensionable"), and enquired whether the officer was willing to accept the post on those terms and whether the Mysore Govt. could spare his services. Mr. Jayaraya was informed of this and also told that this Govt. would be prepared to allow him to have a lien on his appointment here subject to his paying pensionary contribution at ¼ of his salary every month. Mr. Jayaraya accepted these conditions but made a request that (i) as ¼ of salary represented Contribution for both pension as well as leave, it may be reduced (so as to cover only pensionary charges as ~~the Govt of India order~~ he was eligible to leave under the Govt. of India in his new post, and (ii) that the Govt of India may be moved to bear the charges. He was informed that this Govt. "(x) Cannot write to the Govt. of India in the matter & that he would be personally responsible to this Govt for paying the Contribution", but the rate of Contribution was reduced from ¼ pay to ⅛ of his substantive pay in Mysore so as to cover only pension charges. This order stands unmodified and is the one now in force

(x) Vide under the accepted terms of service his apptt. under Govt of India was "non-pensionable."

F.O. 2636-3/CB-80-34-11 d. 6-6-35.

21) Subsequently, Mr. Jayaraya represented that he hoped that the Govt. of India would eventually bear the pensionary contribution, and added that he was sure that "such a claim would be accepted as a matter of course if preferred officially by the Govt. of Mysore." In view of this assurance,

His Govt. made a reference to the Govt. of India communicating the request of Mr. Javaraya and commending it for the favourable consideration of the Imperial Council. In reply to the above the Imperial Council stated that "the Govt regret their inability to accede to the request of Mr. Javaraya". On the other hand, the Council made a suggestion that the Mysore Govt. may themselves grant the officer exemption as a special case from the payment of pension contribution. In the circumstances set forth above, it was considered that there was no ground to grant any exemption here.

22) As the reference from the Imperial Council was only in response to a ~~request~~ request commended by us, ~~no further~~ no further reply was sent to them. So far as Mr. Javaraya is concerned, the order of June 1935 stands, ~~and no change made or required~~ He is aware of the attitude of this Govt and has not made any request to us directly that we should bear the charges. On his assurance that the Govt. of India would accede to his prayer we forwarded his request for their consdn.

23) It is, however, ~~now~~ since learnt from the Comptroller that Mr Javaraya has not been paying his contribution for several months past. If approved, he may be ~~will be informed~~ informed formally that the Govt. of India did not ~~accept~~ accede to his request & ~~this Govt do not consider~~ that this Govt. cannot give any exemption and that he must remit his contribution for the period he is personally responsible as already agreed to. (The Imperial Council also may be intimated if deemed necessary)

(4) In reply to Chief Secy's letter* d. 12.1.37 to Mr H.C. Javaraya H A requiring why his claim on this Govt. for pension should not be considered to have lapsed as he had not paid contribution since Sept. 1935 in spite of reminders, Mr. Javaraya has sent a long letter reviewing the previous correspondence. P.W.D

One of the points urged by him is that while in his letter d. 24.7.35, H B he requested that a formal communication be made to the Imperial Council of Agri. Research by this Govt preferring a claim for pension contribution, in our letter d. 9.9.35 it was ~~mentioned~~ stated by us H R that Mr. Javaraya had made a request that the I. C. of A. Anantaramans note d. 28.8.35 in which it was explained why H Q a claim could not be preferred in the name of the Govt. & that the utmost that we might do was to commend Mr. Javaraya's request for favourable consideration at the hands of the Govt. of India. The latter proposal was approved & and a communication was addressed to H R the Residency accordingly. Mr. Javaraya complains that this difference between his actual request & our manner of compliance has prejudiced him

Serial No.

13) Mr. Javaraja also complains that though in the Civil list he is shown as on Foreign Service, his name does not find a place in the list of officers on long leave. Reference is invited to the terms of the G.O. allowing him to accept the appointment. ~~Act~~ What was permitted then was merely to allow him to have a lien on his post in Govt. service up to a total period of 5 years", subject to payment of Contribution etc.) He was as a "special case" given 3 months' leave with permission to accept appointment in Br. India during the leave. ~~So~~ no leave contribution has been asked for as the Govt of India bear his leave charges in respect of the service there, and only pensionary contribution ~~is demanded & levied with his consent~~ is demanded as per terms then agreed to by him

H. P.

He does not seem to be borne on the list of officers on long leave from this Govt.

14) Mr. Javaraja now represents that he is not in a position to pay up the arrears of pension contribution amounting to nearly Rs 1200, and requests that he may be given all the leave that was at his credit (when he left this place). The Comptroller appears to have

Sir,

I have the honour to acknowledge the receipt of G.O.2636-38/CB. 80-34-11 dated 6th June 1935 stating that no leave contribution will be levied and that I should pay only pension contribution.

I beg to offer my grateful thanks for what has been done, but I may be permitted to represent that the pension contribution ought to be paid by the Government of India, to whom my services have been lent by the Government of Mysore, and not by me. My services have been placed at the disposal of the Government of India on their request made to the Government of Mysore. Although it is true that subsequent to the Government of Mysore having intimated to the Government of India that my services would be spared I was informed by the Government of Mysore that I would be personally responsible for the payment of contributions due to the State, I presumed that the Govt. of India would eventually agree to bear the contributions if the matter were fully represented to them. In numerous cases of transfers of British Government servants to Indian States it is one of the recognised conditions that the borrowing Government should pay the required leave and pension contributions and I gather that there are also precedents for the payment of these contributions by the British Government in the comparatively less common cases of transfer of State Officials to British service.

I would, therefore, respectfully request that a formal communication may be made to the Imperial Council of Agricultural Research, Government of India, preferring a claim for

pension contribution from the date of my transfer. I am sure that such a claim will be accepted as a matter of course if preferred officially by the Government of Mysore, more specially as leave contribution is not claimed and the pension contribution is on more favourable terms than those under the Government of India rules.

In this connection it is a point both in the favour of the Government of Mysore and myself that in view of the urgency of the matter my services were spared without any delay which would have been caused by entering into further correspondence in a formal routine question of this kind.

I have the honour to be,

Sir,

Regarding the pension contribution of Mr.Javaraya, Senior Marketing Officer under the Imperial Council of Agricultural Research.

With reference to your letter No. F.183-35(1)/R.O.II, dated the 23rd September 1935, I am directed to say that the Government of India regret their inability to accede to the request of Mr.Javaraya that the amount of pension contribution payable by him to the Government of Mysore may be re-imbursed to him by the Government of India.

2. I am to add that, in certain cases, the Provincial Governments have agreed to waive the recovery of leave and pension contributions payable in respect of Government officers under their administrative control who have been lent to the Imperial Council of Agricultural Research. It is suggested that the Mysore Government may consider the desirability of adopting the same principle in the case of Mr. Javaraya, and exempt him, as a special case, from the payment of pension contribution.

My dear Javaraya,

I had a talk with Madhava Rau when he was here for the meeting of the Governing Body and asked him to discuss with you when he was in Delhi as to whether it would not be more advantageous for you to make your representations regarding pension, leave allowances, etc., through the Mysore Govt.

Sir Bryce Burt was of opinion that so long as you did not subscribe to the Provident Fund, the Government of India would be prepared to refund to you the amount you paid to the Mysore Government as pension contribution. I pointed out to him that there were other points as well, viz. the question of the amount of leave due to you and also joining t.a. etc., and that these would probably be settled if you were regarded as being properly on loan from the Mysore Government. If the Mysore Government would make that position clear and if at the same time they could be induced to put up as strong a case as possible on your behalf in accordance with precedents which they should be able to quote relating to the interchange of officers between Mysore and the Central Government, then it seems to me the whole matter might be settled.

You might show me the draft of your proposed letter to the Mysore Government. If, however, you wish to confine your representations solely to the refund of the pension contribution I could put this up to the department right away.

Dear Mr. Javaraya,

Your letter of the 14th instant. I am directed to acknowledge

On looking into the Secretariat File relating to the question of your pension contribution, I find that it has all along been clearly understood that you should be personally responsible to the Mysore Government for payment of your pension contribution - whether the Government of India would agree to bear it or not. The letter No. F.44/36/G. dated the 9th March 1936 of the Secretary, Imperial Council of Agricultural Research appears to be only in the nature of a reply communicating the decision of the Government of India with reference to a representation of yours which was commended by this Government for favourable consideration at their hands. As the Government of India were not agreeable to accede to your request no further action was taken in the matter, You have, however, been aware of the attitude of the Mysore Government in this behalf.

Yours sincerely,

Dear Mr. Javaraya,

I am desired to acknowledge your D.O. letter of the 14th instant to the Second Member of Council, and to state as follows:-

The letter No. F.44/36/G. dated the 9th March 1936 of the Secretary, Imperial Council of Agricultural Research, was in the nature of a reply to a representation made by you (and commended by this Government) that the Government of India might reimburse you the pension contribution charges. The Government of India were not agreeable to accede to your request and this was taken to conclude the matter.

The suggestion contained in para 2 of the letter from the Secretary, Imperial Council, did not arise from the correspondence and was besides inconsistent with the understanding on which you were allowed to accept employment under the Government of India. We did not therefore consider that any reply was needed as regards that suggestion.

January 20, 1937

Dear Sir,

While acknowledging the receipt of your letter no 1682/CB 80-34 of the 12th inst; I beg to state that the question of my pensionary contribution has been under correspondence between the Government of Bombay and the Government of India recently. It may be recalled that I received the letter no D. 223/26/Z dated 27th November 1926 from the Secretary Imperial Council of Agricultural Research & the Agricultural Marketing Adviser expressing regret that the Government of India could not see their way to meet the charge. Later I was kindly informed of the rule in the matter of payments within twelve months & I had have represented the situation earlier for the kind consideration of Government.

In your D.O. letter no 689/CB 80-34-16 dated 15th September 1926 referring the letter of the 22nd July 1926, copies of which (Enc. 1+2) are placed below for

on ready reference, it is mentioned that I requested that the I.C. of A.D. may be moved to meet my personal contribution charges and that they were addressed accordingly. May I respectfully submit that though the request was for his claim for his contribution, it was, unfortunately, framed in letter no. Pol. 286/CB 80-34-13 dated 9th September 1935 (vide Encl. 3) from the Chief Secretary to the Deputy Commissioner Resident in Mysore that I had made a request that the I.C. of A.D. be approached to reimburse to me his charges payable by me on that account. It can be readily seen that there two are different propositions. If I had been first informed that my request could not be complied with, I could have worked up the case myself to this end. There is every reason to believe that the Government of India would have met the expenditure had a formal communication been sent to them as requested by me.

In this connection a copy of letter dated 7th August 1936 (Enc. 4) from Mr. Livingstone, Secretary Marketing adviser, to me attached for information. The fact that I applied for the post does not [illegible] position, - for there are five vacancies - one more in our office [illegible] Government of India. [illegible] paying the contributions and [illegible] three men applied for the post [illegible]. A copy of letter no. F.3 [illegible]/34 dated 20th August 1935 (Enc. 5) [illegible] the I.C.A.R. to the Government [illegible] Bombay is attached for your information. I had the full approval of the Government [illegible] mine for trying for and later accepting the post of Senior Marketing Officer, and the Government of India approached the Mysore Darbar through the Residency in the usual course, vide letter no. F.3. M(8) 34 dated 16th January 1935 from the Govt. of India to the Mysore Residency.

this letter no. F. 44/36/9 dated 9th March 1936

In this letter no. 5503/Pen. Dy 4th Jan 1937

that my services are loaned to the D.C.A.H.

I am connected to forego the

am therefore compelled to request

may be pleased to grant me
the leave which I have earned
with my honest, hard & honest work
in the Government of His Highness
the Maharaja of Mysore. the

Comptroller in his D.O. No 245 G.A.D. dated 4th Feb 1935 has stated that I am "entitled to a combined leave of one year, out of which three months leave of privilege leave and the rest on furlough on half average salary." I submit that I cannot have enjoyed this leave in Bangalore knowing as I am perfectly without any liability. All that I now urge is that the Government may generously allow me the benefit of my Earned Leave, to which in my humble opinion, I am entitled to submit is not by any means an unreasonable request. The amount of the pension contribution may then be kindly deducted from the leave allowances. I may also bring to the kind notice of the Government that in my long service of 22 years in the Government of Mysore, I have had privilege leave for only one month when I was ill.

I may in this connection also state

but though I am not in the active service of the Government of Mysore, I have certainly been keeping before me the interest of Mysore in the way of propaganda work of horticultural and other demonstration, introduction of new ornamental and fruit plants, &c. &c. I shall not say more on this matter. (I have enclosed two photographs relating to Mysore).

In view of the facts mentioned above I trust that my representation will be considered sympathetically. I shall gladly state how grateful I shall be to the Government of Mysore for their help.

In conclusion I request the favour of your treating this letter and its enclosures as confidential.

I remain, Yours sincerely

Dear Sir,

I beg to be pardoned for troubling you this letter on a personal matter. I have had a letter from the Chief Secretary to Government requesting me in connection with the payment of my pension contribution. When I represented my case to you at Bangalore where I was in April two months ago, you have said enough to say that you would consider it sympathetically. I have submitted a representation to Government in my case to the Chief Secretary. I shall be most grateful to you, Sir, if you would generously help me in this connection.

With best respects,

I remain,

Yours obediently

Dear Sir, encl 2 — dated 8.2.37

I am desired to acknowledge receipt of your D.O. letter dated 20th January 1937, requesting that in the circumstances mentioned by you, you may be given the leave which you had earned in respect of your service under the Mysore Government and that the arrears of pension contribution due from you may be recovered out of the leave allowances that you would be entitled to.

2. I am to invite reference in this connection to the circumstances under which you were permitted by this Government to accept appointment under the Government of India (vide copies of G.O.'s enclosed) ~~It is seen that~~ your request for being given all the leave at your credit was considered by Government in that connection, and it was decided that the only leave you could be given was three months' privilege leave as a special case. Government therefore regret that no further leave as now asked for by you can be granted.

3. I am to request you to kindly arrange to remit at a very early date the pension contribution due from you, failing which the rules in the matter will have to be enforced.
